

WEEKLY FOCUS

WEEK BEGINNING 24/03/25

WHAT WE FOCUSED ON THIS WEEK

This week during our briefing, we reminded students about the importance of community and taking pride in being part of Arthur Terry.

We emphasized that our school is more than just a building – it's a place where we support one another, celebrate achievements, and uphold high standards, known as The Arthur Terry Way. One way students can demonstrate this support is by attending our upcoming school show, Rock of Ages, which runs from 27th to 29th March and 3rd to 5th April. Tickets are available for £10 via ParentPay. Students involved in the production were also reminded to log their hours on the Children's University app using the code orange7511.

We also reinforced the importance of using technology responsibly. With all devices monitored by Smoothwall, students were reminded that inappropriate online activity could result in a conversation with staff, contact home, or other consequences.

Additionally, students were asked to help keep our school environment clean by disposing of rubbish correctly. Starting Monday, 31st March, food waste must be separated from general waste, with labeled bins in the dining hall and 6th form theatre. Designated food waste bins will be introduced around the school site after Easter. We encouraged students to take pride in maintaining a clean, respectful environment – an essential part of what it means to live the Arthur Terry Way.
